

## Alpha Duct Tape

A self-adhesive cloth duct tape.

The Alpha Duct Tape is a conformable cloth duct tape, made with a polyethylene coated cloth scrim and synthetic rubber adhesive.

This tape is a good choice for non-critical applications.

## Application

Alpha Duct tape can be used for many purposes:

- masking,
- marking
- light duty sealing
- holding
- bundling

## Advantages

Easy tear, low profile, Polyethylene backing provides moisture resistance to tape.

## Benefits

- Good curve masking and wrapping irregular surfaces.
- Easy handling, can be used in combination with humidity, conformable.
- Individually wrapped roll for easy identification and to keep the roll clean until ready for use.

## Storage

Store in clean dry place. Temperature of 21 °C and 50% relative humidity are recommended.

## Shelf Life

6 months from date of despatch when stored in the original carton at 21°C (70°F) & 50% relative humidity.

## Product Information

| Product Code | Dimension        | Quantity (Per Carton) | Weight per roll (kgs) |
|--------------|------------------|-----------------------|-----------------------|
| STO7226      | 48mm width x 50m | 60 rolls              | 0.37                  |
| STO7227      | 72mm width x 50m | 64 rolls              | 0.55                  |

|                      |   |
|----------------------|---|
| <b>Recyclability</b> | This product cannot be recycled                                   |
| <b>Disposal</b>      | Wasted should be disposed of in accordance with local authorities |

## Performance Characteristics

|                             |                                 |
|-----------------------------|---------------------------------|
| adhesion to stainless steel | ≥10N/25mm                       |
| Tensile strength            | ≥20N/25mm                       |
| Elongation                  | 20%                             |
| Temperature resistance      | 60°C max. (regular temperature) |
